

Siberia-45mY.otf

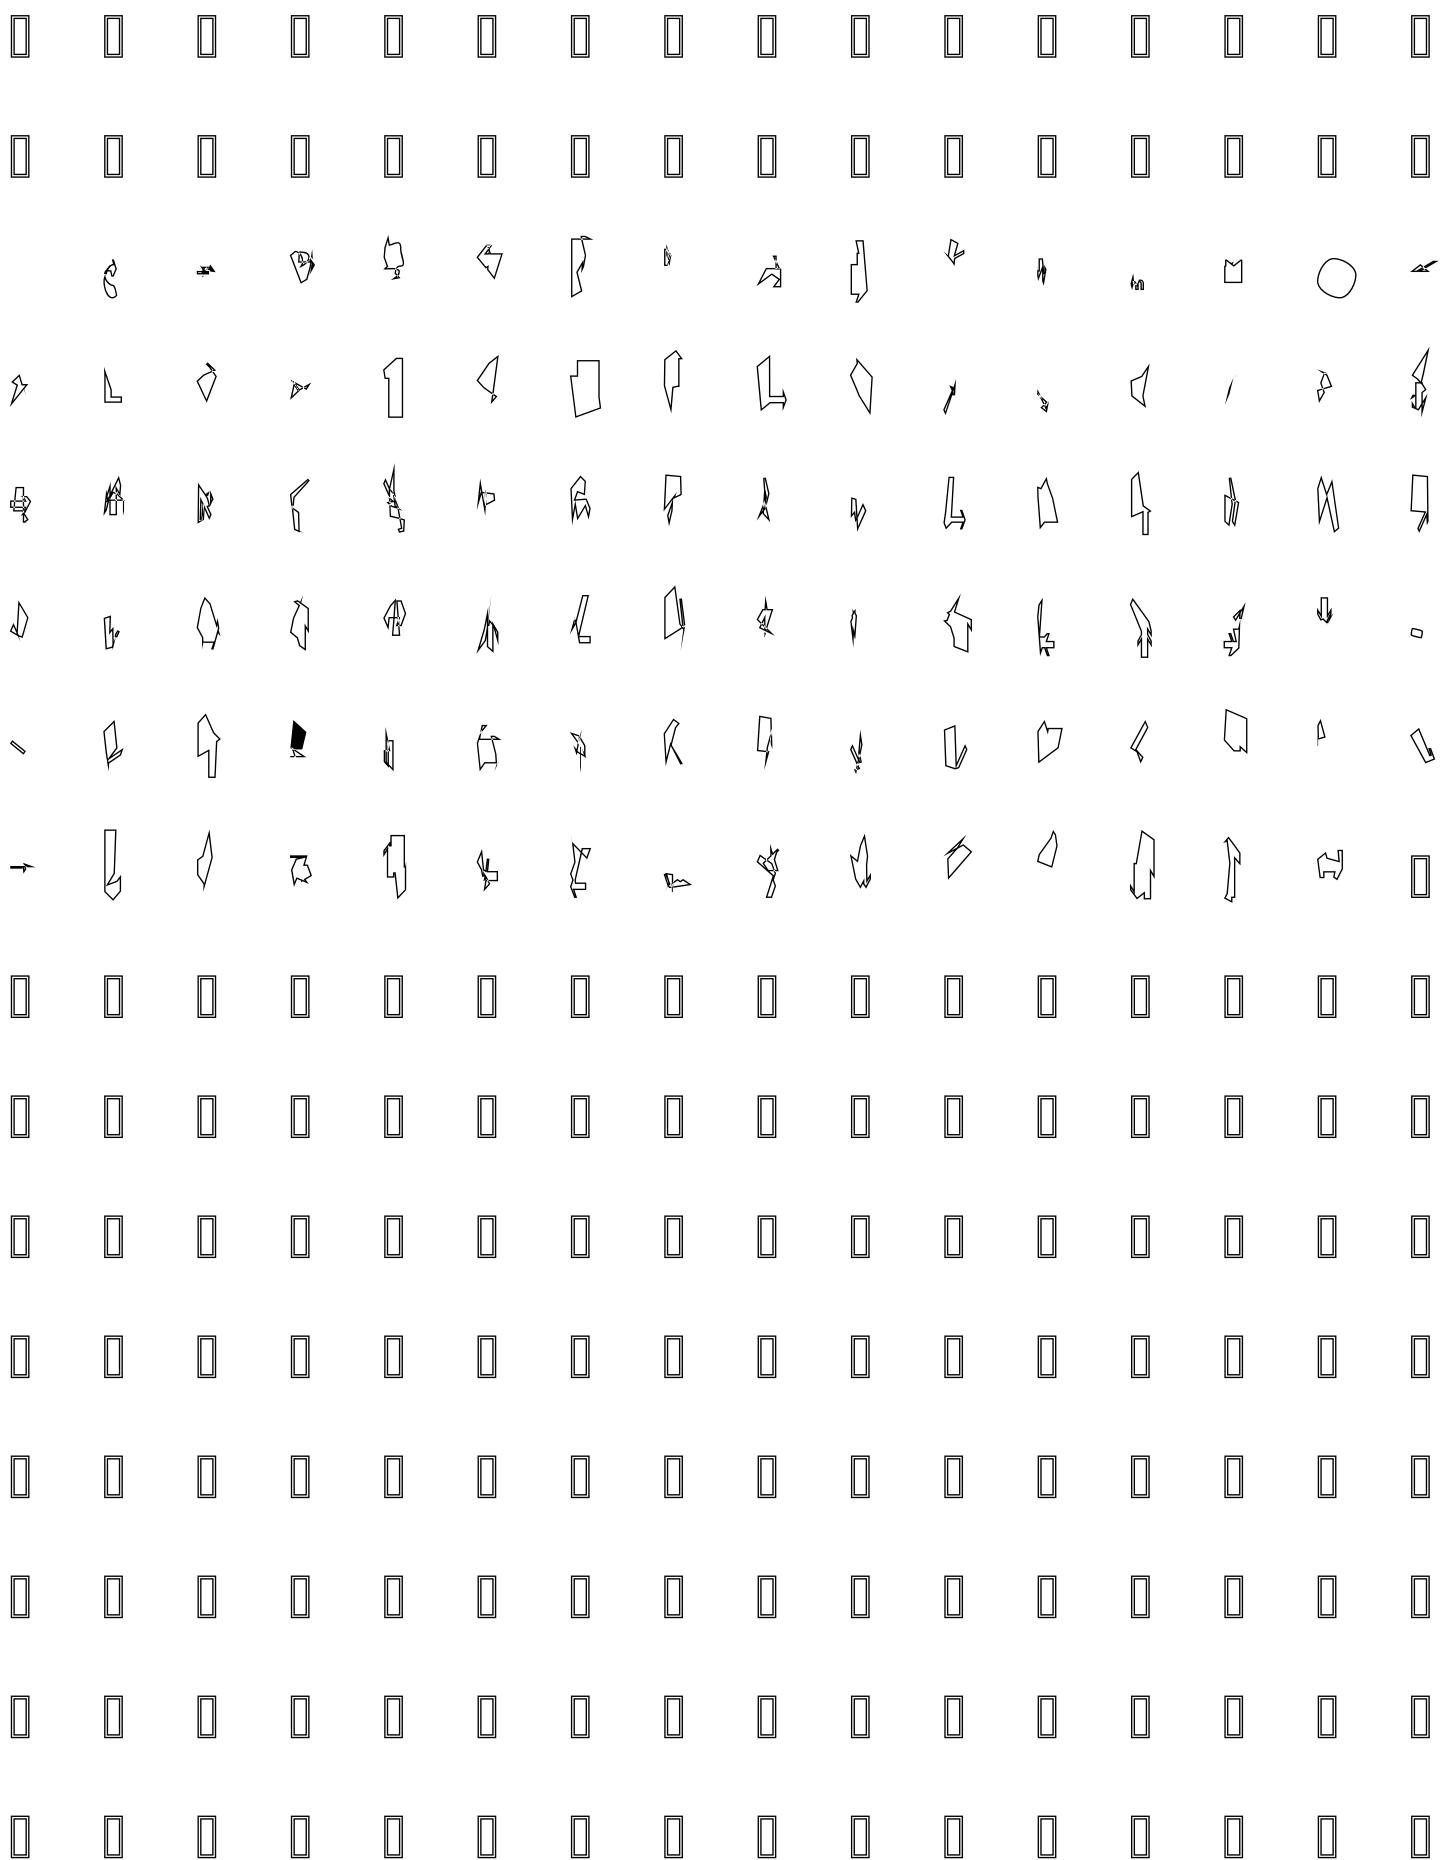

A 10x10 grid of binary digits (0s and 1s) representing a sparse matrix. The matrix has a sparse pattern where most elements are 0s, and a few are 1s. The 1s are located at various positions, including the top row, middle row, and bottom row, as well as some scattered throughout the matrix.

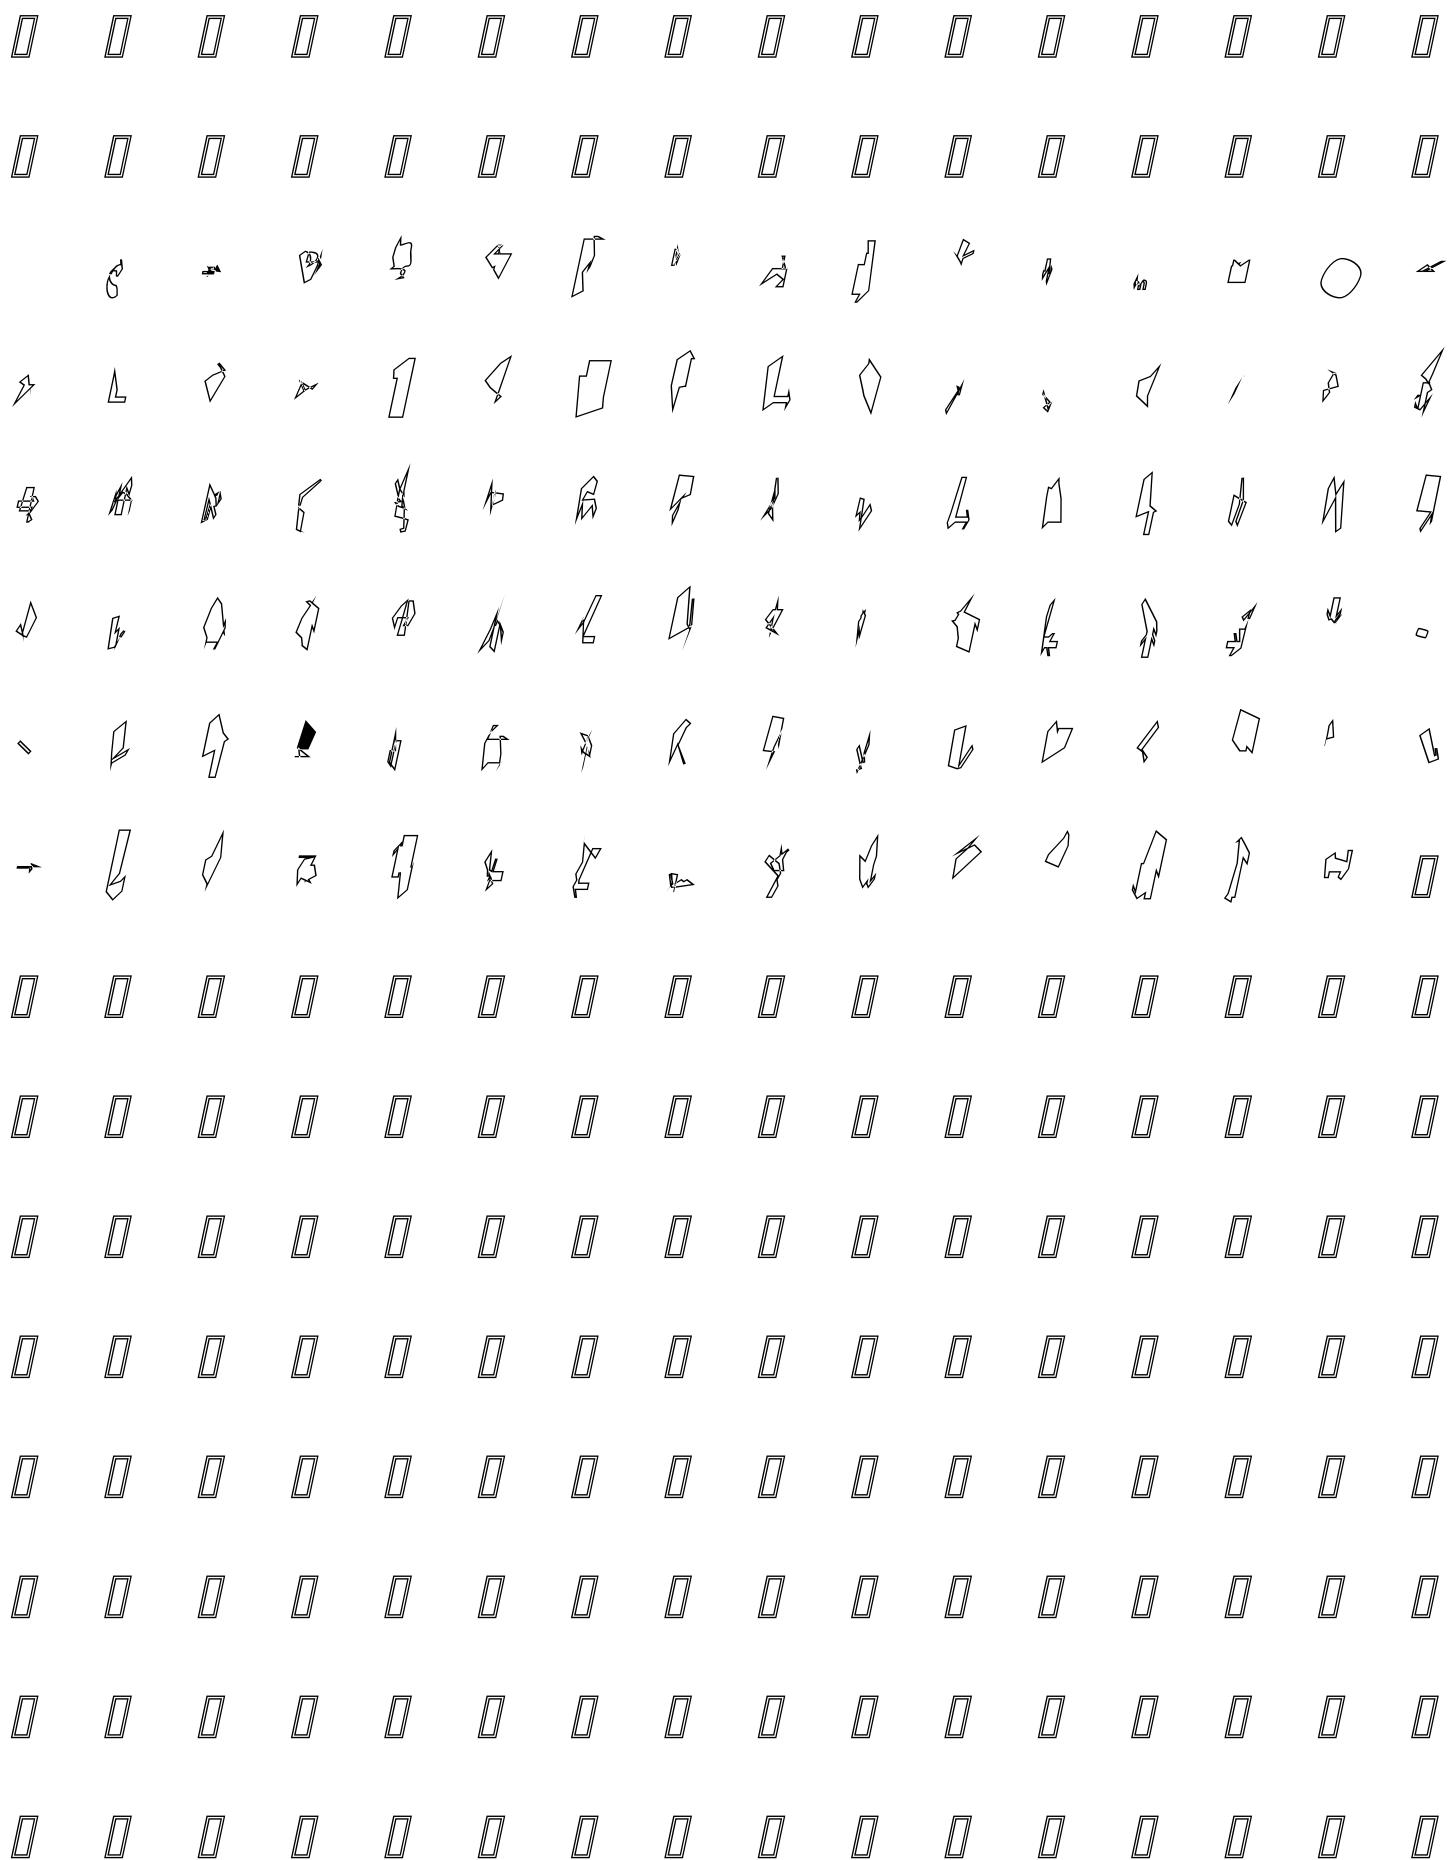

## SiberiaNarrowOblique-egRO.otf

A 10x10 grid of black symbols on a white background. The symbols are arranged in a repeating pattern of 10 rows and 10 columns. Each symbol is a small, stylized character or mark, possibly from a non-Latin script. The symbols in each row are identical, and the symbols in each column are identical. The overall effect is a uniform, repeating texture.

**SiberiaReversedOutlineOblique-DKjx.otf**

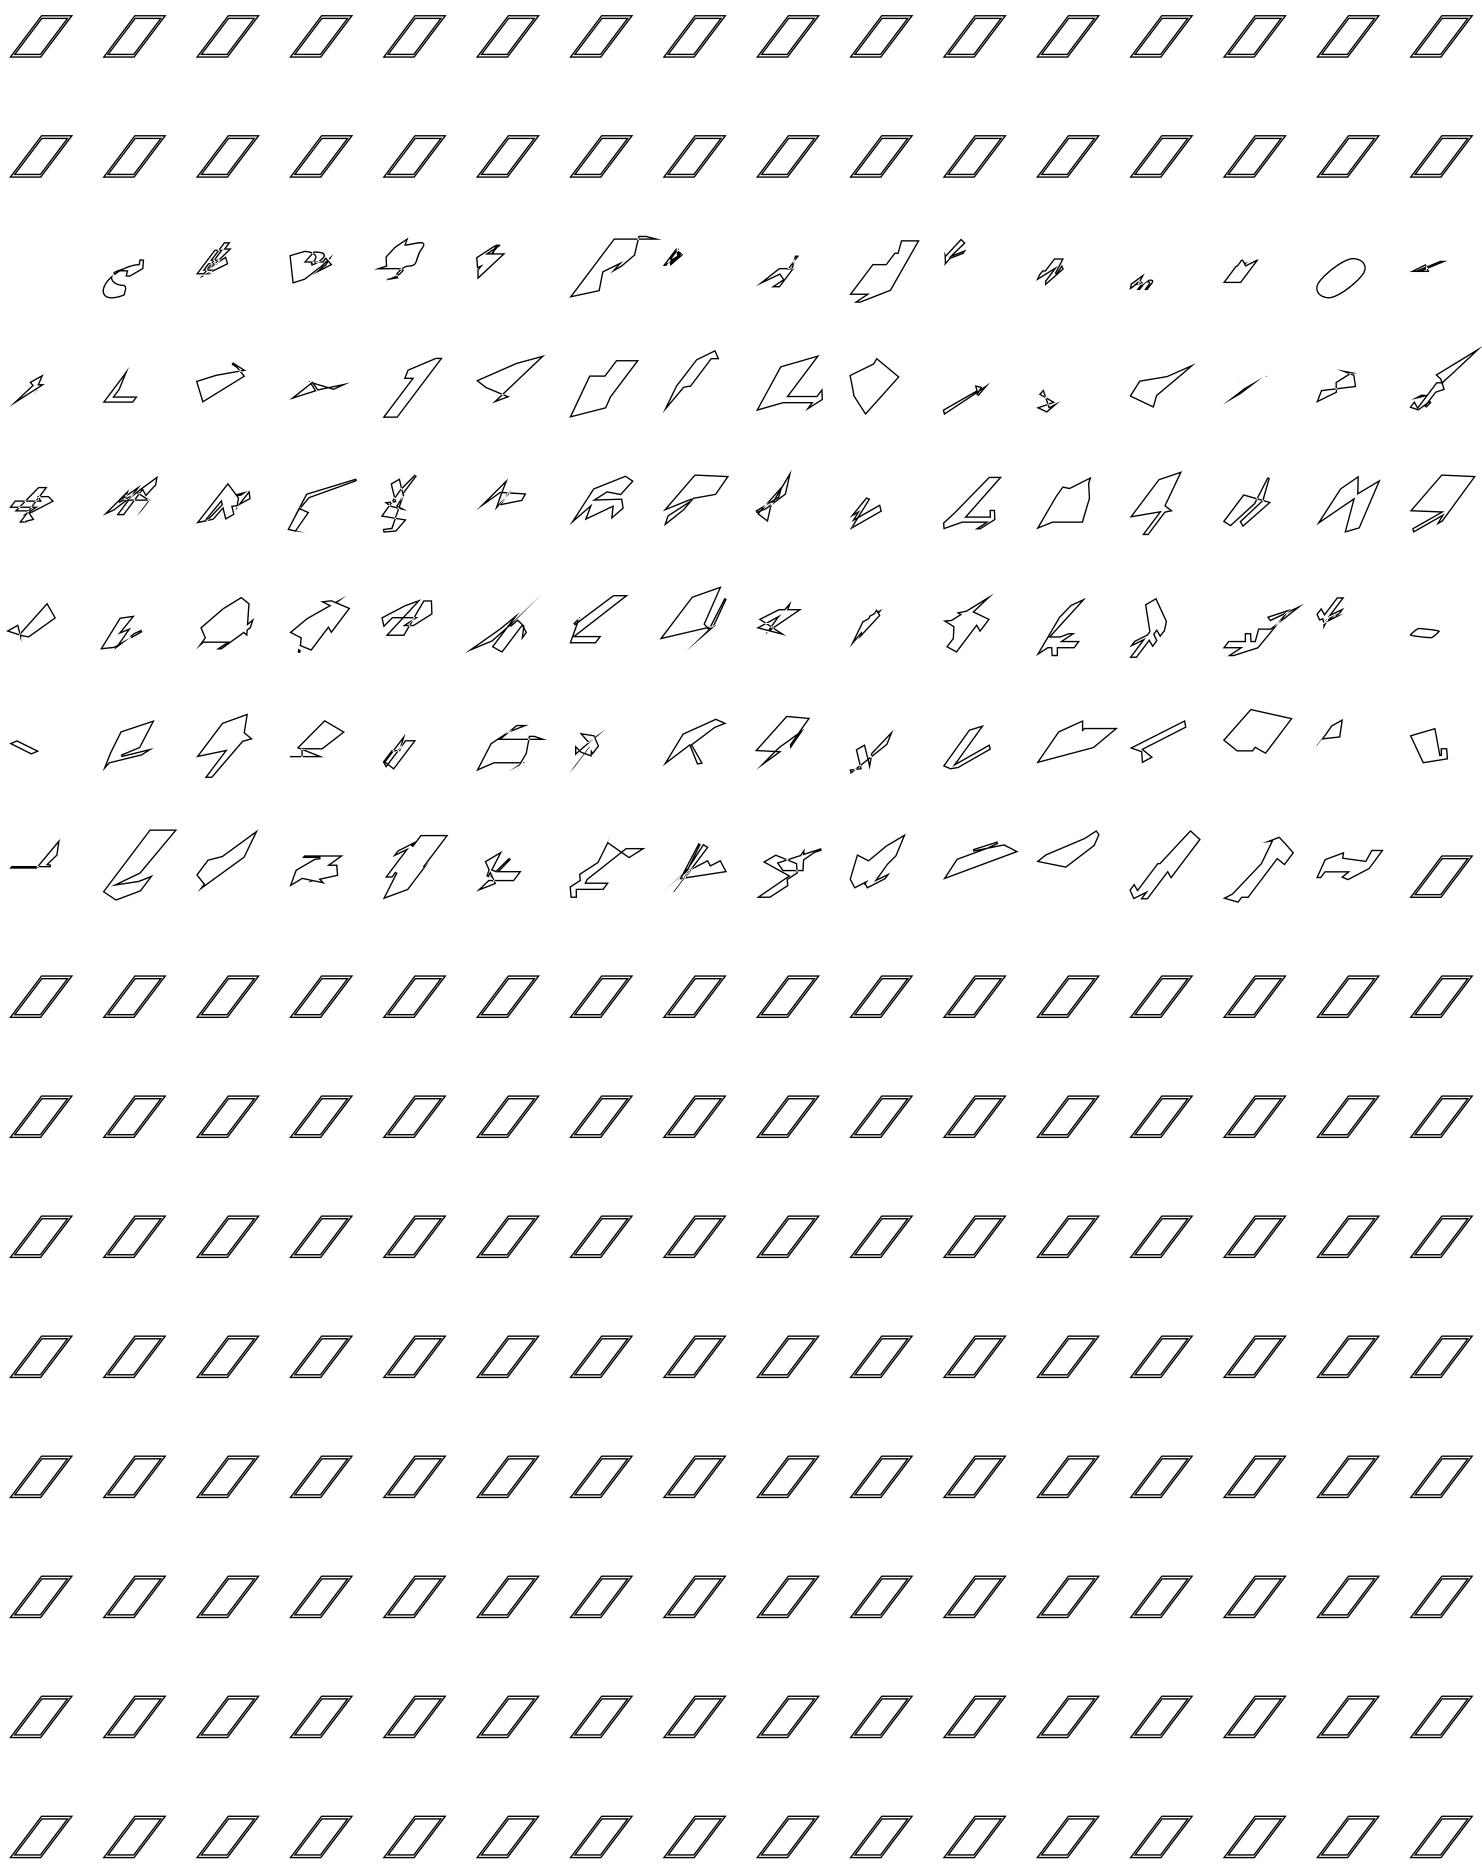

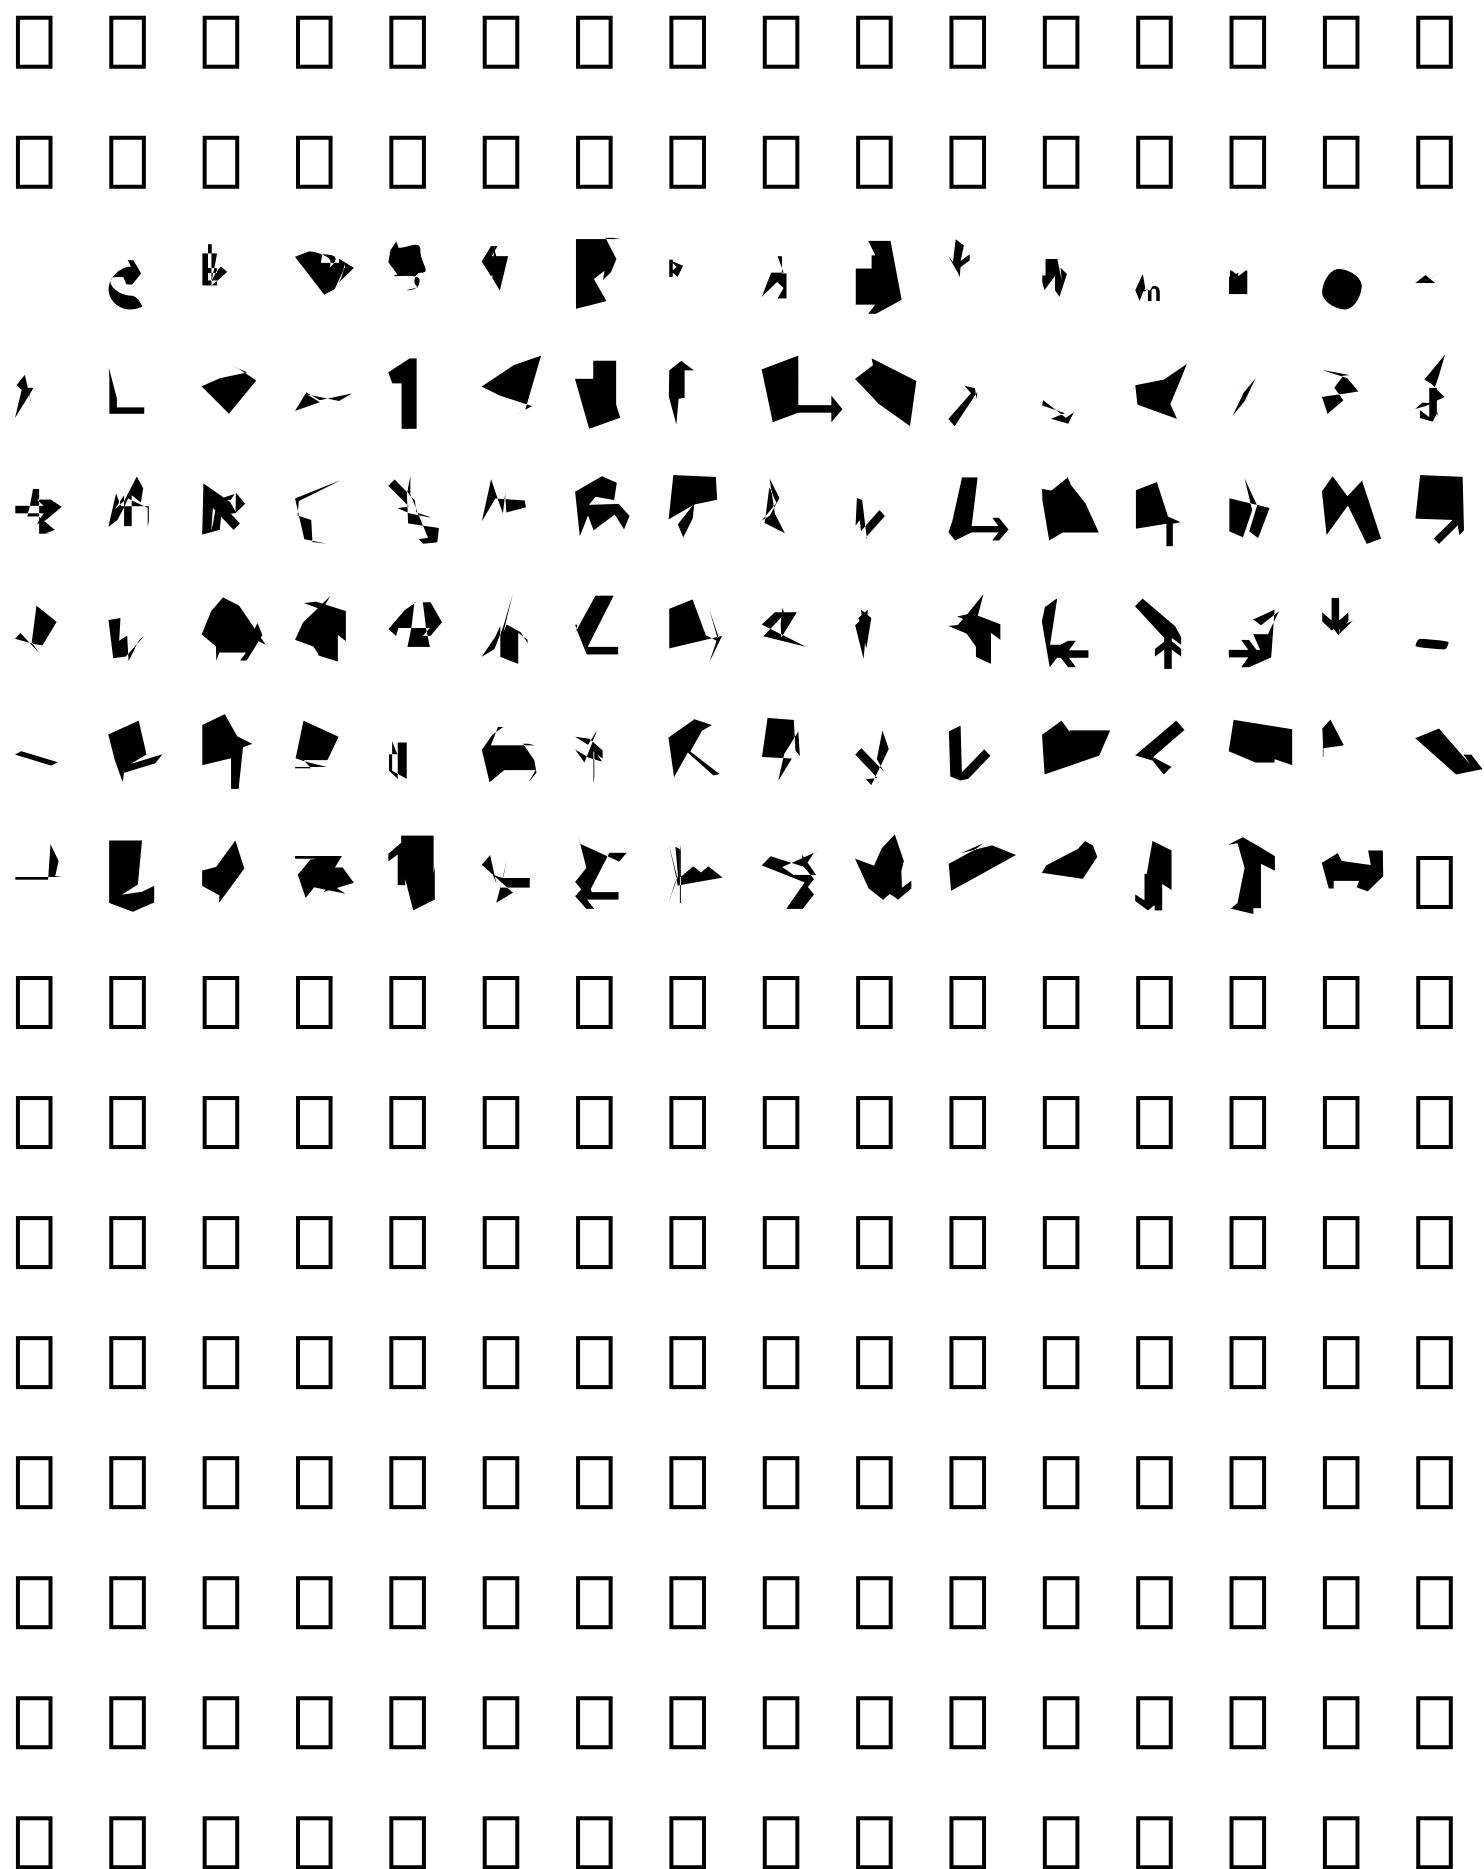

SiberiaTiltOutline-qMdd.otf

The image consists of a large grid of 100 horizontal rows and 10 vertical columns. Each cell in the grid contains either a solid black shape or a solid white shape. The patterns are as follows: Row 1: All white squares. Row 2: All white squares. Row 3: All black shapes. Row 4: All black shapes. Row 5: Alternating black and white squares. Row 6: Alternating black and white squares. Row 7: All black shapes. Row 8: All black shapes. Row 9: All black shapes. Row 10: All black shapes. This pattern repeats every 10 rows, creating a periodic sequence of white, black, and alternating rows.

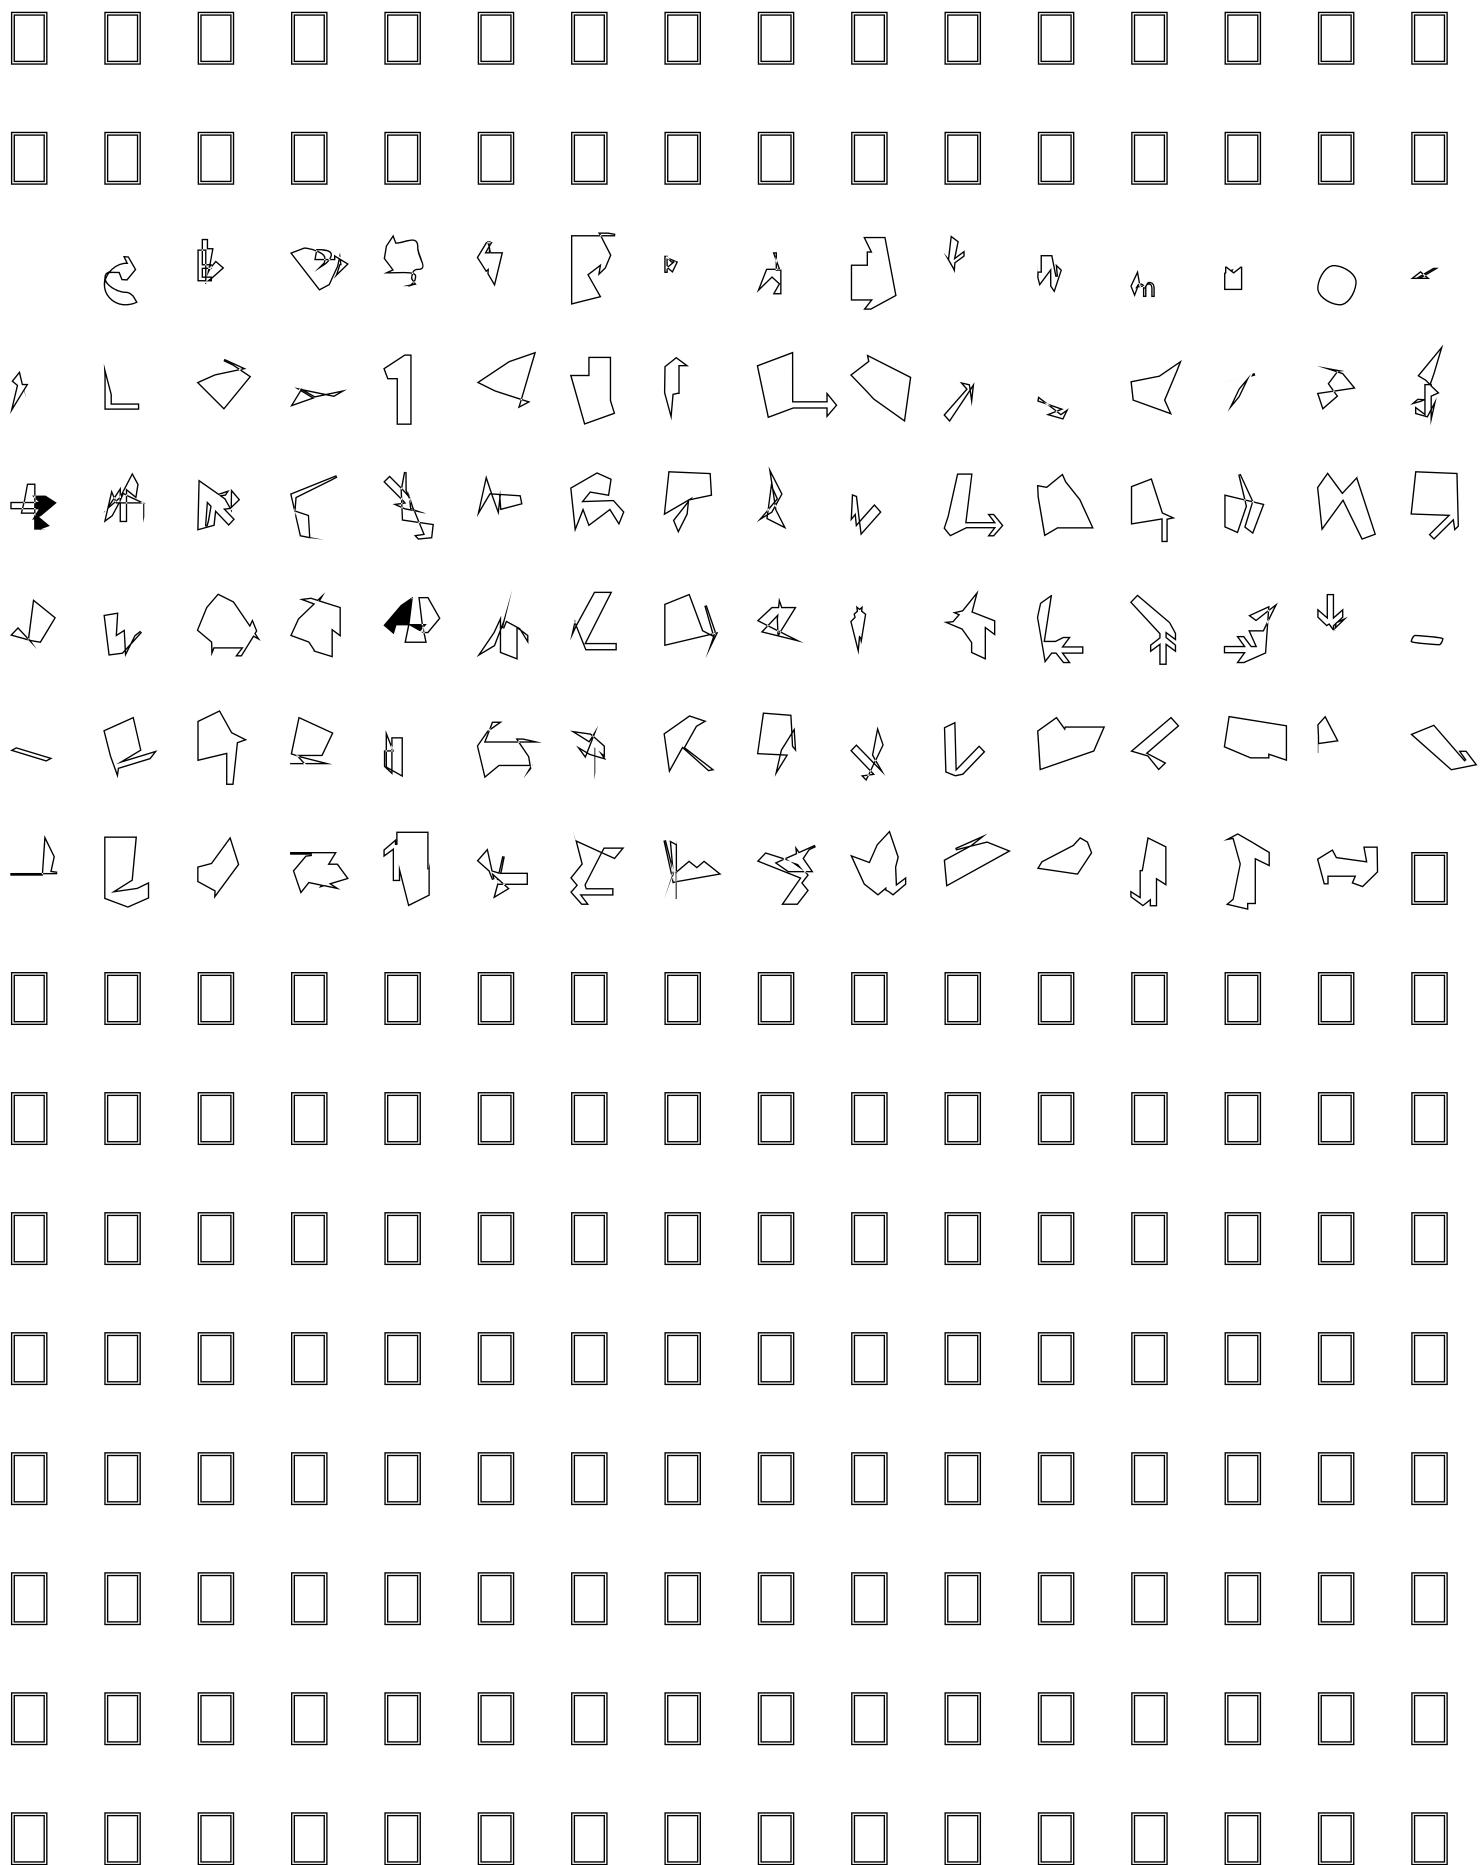

SiberiaUltraobliqueOutline-Jd6o.otf

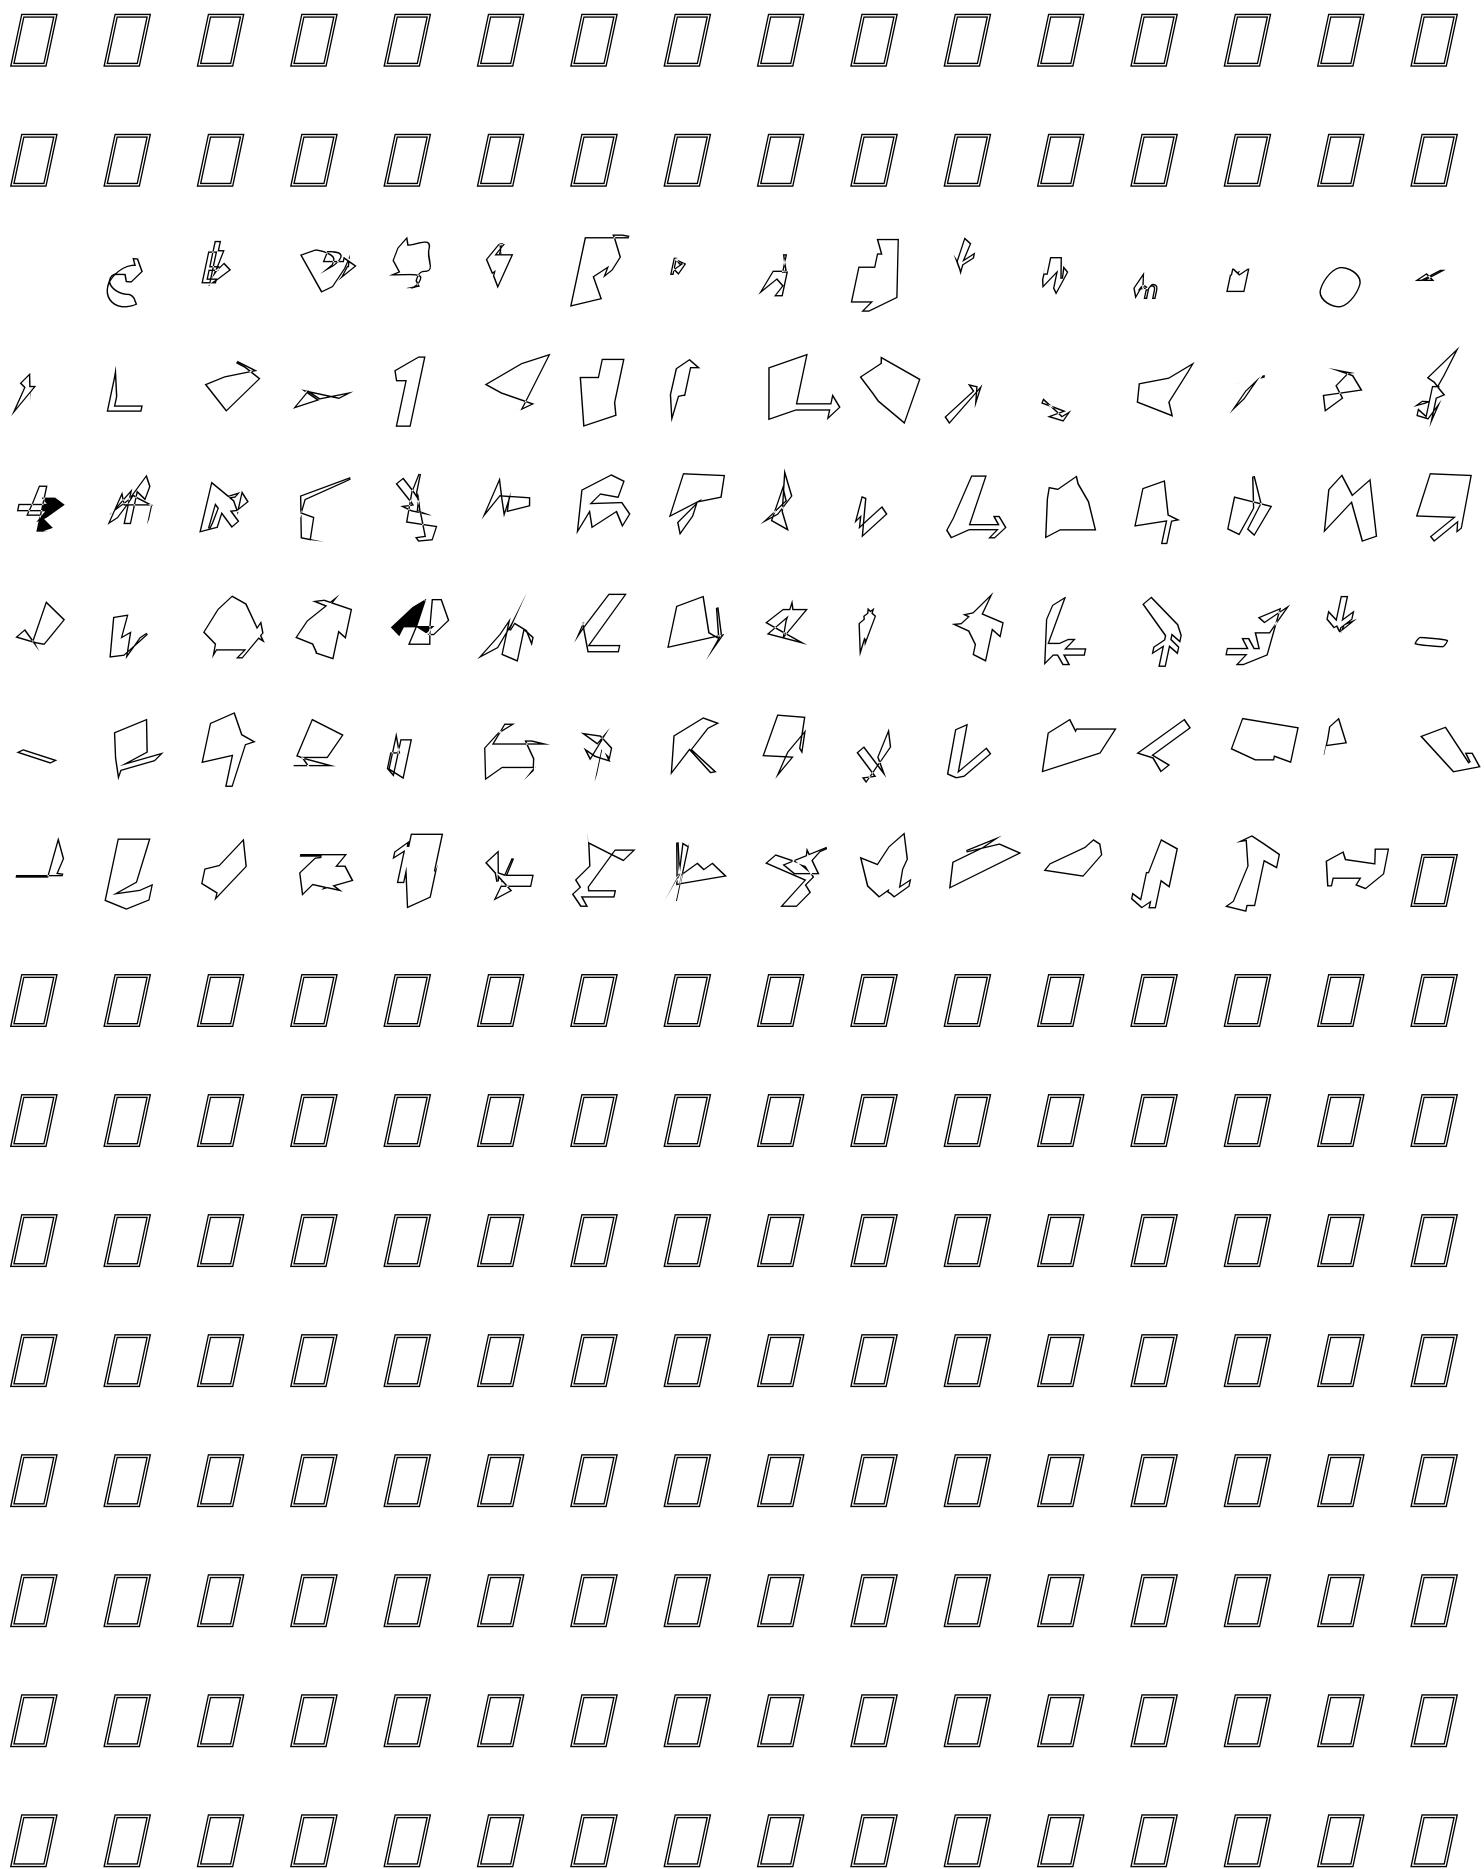

The image consists of a 10x10 grid of 100 small, black, abstract geometric shapes. Each shape is composed of one or more solid black polygons. The shapes are arranged in a pattern that repeats every 5 columns and every 5 rows. The first five columns contain mostly simple geometric shapes like rectangles, triangles, and diamonds. The next five columns contain more complex shapes, including some that look like stylized letters or symbols. The shapes are all rendered in black against a plain white background.

A large grid of Hebrew characters and symbols, likely a template for practicing Hebrew handwriting or for creating decorative patterns. The grid consists of approximately 10 columns and 10 rows of characters. The characters are arranged in a staggered pattern, where each row is offset from the one above it. The characters include various Hebrew letters such as aleph, beth, gimel, dalet, kaf, mem, nun, pe, tsadi, resh, shin, tav, and ayin, along with other symbols like the aleph-bet (אַלְפַּבֵּט) and the shadda (שָׁדָה). The characters are rendered in a bold, black font against a white background.
